Re: Withdrawal of holding of Abandonment of Patent Application #10/707636
BEATBALLS

Dear Petition administrator,

I have been waiting for the correspondence from your office in regards to my patent application #10/707636 and just received a voice message call from your staff on Thursday November 2nd informing me that I need to call the Patent Office in regards to my application. When I called I spoke to the examiner, he informed me that they have sent an action request letter to me and did not hear from me; I told him that I never received a letter from your office in regards to my application.

The purpose of this letter is to inform you that I have not receive any status letter requesting me to address any issue from your office in regard to my application. I have been advised to write this letter to you and request that my application be reopen.

I am hereby kindly requesting that you please reopen my application and reassign it to an examiner so I can be sent the action request letter they told me they sent and I did not receive. I will be on the lookout for any correspondence from your office in regard to this application.

Looking forward to hearing from you, please receive my best regards,

Sincerely,

Tino K. Adognravi
